Task Orders

Task Orders under this contract shall contain the following information:

Name of Contractor
Contract Number
Date of Purchase
Purchase Number
Number of Rooms
Unit Price, and
Total Price

The Contracting Officer may place orders orally, by fax, e-mail, or in writing. Oral orders shall be confirmed in writing within three calendar days.

If more than one contractor has received an award, the following procedures shall govern regarding issuance of individual task orders.

The contractor shall provide no rooms without an order issued by the Contracting Officer.

(1) The Government will develop a price estimate. If the estimate does not exceed \$10,000 USD, the Government will follow the procedures in paragraph (2) below. If the estimate exceeds \$10,000 USD, the Government will follow the procedures in paragraph (3) below.

Orders not exceeding \$10,000 USD - The Government will select a contractor for issuance of the order on a rotating basis. This decision will be based on the Government's best interests, which may include factors such as price, past performance, and unique qualifications which meet the level of quality required.

Orders exceeding \$10,000 USD - Unless one of the exceptions in paragraph (4) below applies, the Government will:

Make its award based on comparisons of price, past performance, and unique qualifications which meet the level of quality required to meet the Government's security and logistical requirements. Award will be made to the lowest priced, technically acceptable hotel.

Regardless of whether the procedures in paragraph (1) or (2) above were followed, selection of contractors shall not be protestable to GAO under FAR subpart 33.1, except on the grounds that the order increases the scope, period, or maximum value of the contract. However, the Department of State does have an Acquisition Ombudsman who will review complaints by contractors to ensure that all contractors are afforded a fair opportunity to be considered for these task orders, pursuant to the procedures for award of task orders established herein.

(4) Exceptions to the procedures in paragraph (3) above:

The agency need for the required services is of such urgency that providing such competitive opportunity would result in unacceptable delays;

(b) The order should be issued on a sole-source basis in the interest of economy and efficiency as a logical follow-on to an order already issued under the contract, provided that all awardees were given a fair opportunity to be considered for the original order; or

(c) It is necessary to place an order to satisfy a minimum guarantee.

QUALITY ASSURANCE AND SURVEILLANCE PLAN (QASP)

This plan provides an effective method to promote satisfactory contractor performance. The QASP provides a method for the Contracting Officer's Representative (COR) to monitor Contractor performance, advise the Contractor of unsatisfactory performance, and notify the Contracting Officer of continued unsatisfactory performance. The Contractor, not the Government, is responsible for management and quality control to meet the terms of the contract. The role of the Government is to monitor quality to ensure that contract standards are achieved.

Performance Objective	Scope of Work Para	Performance Threshold
<u>Services.</u> Performs all lodging services set forth in the scope of work.		All required services are performed and no more than one (1) customer complaint is received per order.
